

Item description

Strain relief housing WINSTA® MIDI 5-pole

Put your trust in tried-and-tested sustainability for the installation for the implementation of your project: The strain relief housing from the WINSTA® MIDI product line. You can rely on the level of quality of WINSTA® components from WAGO for your electrical installation accessories too. The WINSTA® MIDI product line allows flexibility for the installation. Through its Push-in CAGE CLAMP® spring pressure connection technology, it ensures error-free, time-saving installation and offers customization and flexibility for meeting an enormous variety of installation requirements. The strip length is 55 mm.

WINSTA® MIDI solutions for your electrical installation – protected against mismatching and maintenance-free

The WINSTA® Pluggable Connection System is ideally tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and thus more efficient, more reliable, and error-free. Using this pre-assembled system decreases time spent on assembly and installation errors at the construction site. Take advantage of the pluggable version of our maintenance-free spring pressure connection

technology too! Plan your installation with with protection against mismating from WAGO.

-
- for automation controllers
- fast, secure installation

Data

Connection data

Connection 1

Pole number	5
Connectable sheathed cable diameter	5 ... 9 mm
Strip length (outer insulation)	55 mm

Physical data

Width	54.6 mm / 2.15 inches
Depth	50 mm / 1.969 inches

Material data

Note (material data)	Information on material specifications can be found here
Color	white
Material group	I
Insulation material	Polyamide (PA66)
Flammability class per UL94	V0
Fire load	0.374 MJ
Weight	13.7 g

Environmental requirements

Processing temperature	-5 ... +40 °C
Continuous operating temperature	-35 ... +85 °C
Note on continuous operating temperature	Insulating parts for temperatures ≤ 105 °C

Commercial data

Product Group	20 (Winsta)
