

# 19" rack mounting aluminium enclosure

## Product overview

Designed for installation of electronic and telecommunication equipment, into 19" racks and cabinets. Featuring ease of assembly and accessibility, via three removable parts: rigid front panel, vented lid and rear panel. With a strong folded sheet-steel construction and 3mm thick aluminium front interface-panel, for an effective operation in computer networking, data centres and security control applications.

- 1U, 2U and 3U heights
- 260mm and 360mm depths
- Secured with 10x screws M4 (8x for 1U)
- Front and rear internal supports for mounting of trays or PCBs
- Customisation options include cutouts, mounting and printing
- Custom colours and sizes also available (MOQs apply)
