

## Fatmax Bladearmour

**FatMax**

Extra wide 1¼ inch blade for easier reading and 11 feet of stand-out, constructed with a 3m industrial thermoplastic coating for maximum durability and reduced breakage. Impact blade is mylar coated for long life and features a 3 rivet corrosion resistant end hook, which gives true zero reading and accurate inside and outside measurement. The end hook is also multi-functional allowing grip on side, top and bottom. Conforms to class II accuracy.
