

# ROCKER SWITCHES

PRODUCT NUMBER 1807.1108

## TECHNICAL DATA

|   |   |
|---|---|
| <b>Product number</b>                       | <b>1807.1108</b>  |
| Business unit                               | Switches, Sensors & Controls  |
| Product Manager                             | -   |
| Product family                              | Rocker switches   |
| Packing unit                                | 500   |
| Miscellaneous                               | VDE   |
| Weight                                      | 3.400 g   |
| ROHS conform                                | yes   |
| Output                                      | catalog before 2009 / Web-Shop / catalog  |
| Switching function                          | Lamp  |
| connections                                 | Quick-connect terminal, 4.8 x 0.8   |
| Proof tracking                              | 250 PTI   |
| Insulation spacing                          | acc. to EN 61058 for reinforced or double insulation                                  |
| Protection type                             | → Connection IP 40<br>→ Actuator IP 40  |
| Ambient temperature                         | → connection side -20 °C ... +85 °C   |
| Ambient temperature                         | → Actuation side min. -20 °C ... +55 °C   |
| Storage temperature                         | -40 °C ... +80 °C   |
| Housing description                         | housing: PA, black  |
| Connection surface                          | → bearing connection tinned<br>→ external connection tinned                           |
| Lighting                                    | function illumination: window of PC, green<br>function illumination: glow lamp, 230 V |
| Approval marks                              | VDE / CSA / UL  |
| Suitable for appliances of protection class | II  |
| Additional labeling                         | site, year, week of manuf. acc. to DIN EN 60062                                       |
| Type of fastening                           | Snap fastening  |
