The diagram illustrates the assembly of a carrier tape. A white carrier tape with circular holes is positioned over a green hatched area representing the cover tape. Below the carrier tape, several rectangular components are visible, each with a central circular feature. Labels with arrows point to the 'Carrier Tape' and the 'Cover Tape'.

The diagram illustrates the components of a magnetic tape assembly. It shows a central section of tape with a grid of circular holes. Above the tape, the text '* END TAPE *' is printed. Labels with arrows point to various parts: 'Carrier Tape' points to the top edge of the tape; 'Cover Tape' points to the top edge of the tape's protective layer; 'End Tape' points to the bottom edge of the tape; and 'Reel' points to the bottom edge of the tape's protective layer. A yellow shaded rectangular area is highlighted on the tape, indicating a specific section of interest.
