

Certificate of Non-Use of Substances Subject to the REACH Regulations

AKM provides the certificate document which proves compliance with the REACH regulations, showing that SVHC (substances of very high concern) are not included in the product.

Figure below is an example with explanatory notes.

<p>AsahiKASEI ASAHI KASEI MICRODEVICES</p> <p>To Qooo Co.Ltd. No.	CAS Number	EC Number	Substance Name																																																																																				
1	120-12-7	204-371-1	Anthracene																																																																																				
2	101-77-9	202-974-4	4,4'-Diaminodiphenylmethane																																																																																				
3	84-74-2	201-557-4	Dibutyl phthalate(DBP)																																																																																				
4	7646-79-9	231-589-4	Cobalt dichloride																																																																																				
5	1303-28-2	215-116-9	Diarsenic pentaoxide																																																																																				
6	1327-53-3	215-481-4	Diarsenic trioxide																																																																																				
7	7789-12-0	234-190-3	Sodium dichromate dihydrate																																																																																				
8	10588-01-9	201-329-4	5-tert-butyl-2,4,6-trinitro-m-xylene (musk xylene)																																																																																				
9	81-15-2	201-329-4	5-tert-butyl-2,4,6-trinitro-m-xylene (musk xylene)																																																																																				
10	117-81-7	204-211-0	Bis (2-ethylhexyl)phthalate) (DEHP)																																																																																				
11	3194-55-6	247-148-4	Hexabromocyclododecane(HBCDD)																																																																																				
12	25637-99-4	221-695-9																																																																																					
13	85535-84-8	287-476-5	Alkanes, C10-13, chloro (Short Chain Chlorinated Paraffins)																																																																																				
14	56-35-9	200-268-0	Bis(tributyltin)oxide																																																																																				
15	7784-40-9	232-064-2	(Lead hydrogen arsenate)																																																																																				
16	15606-95-8	427-700-2	Triethyl arsenate																																																																																				
17	85-68-7	201-622-7	Benzyl butyl phthalate(BBP)																																																																																				
18	90640-80-5	292-602-7	Anthracene oil																																																																																				
19	91995-17-4	295-278-5	Anthracene oil, anthracene paste, distillation lights																																																																																				
20	91995-15-2	295-275-9	Anthracene oil, anthracene paste, anthracene fraction																																																																																				
216	-	-	Medium-chain chlorinated paraffins (MCCP) (UVCB substances consisting of more than or equal to 80% linear chloroalkanes with carbon chain lengths within the range from C14 to C17)																																																																																				
217	-	-	Phenol, alkylation products (mainly in para position) with C12-rich branched alkyl chains from oligomerisation, covering any individual isomers and/ or combinations thereof (PDDP)																																																																																				
218	123-91-1	204-661-8	1,4-dioxane																																																																																				
219	77-40-7	201-025-1	4,4'-(1-methylpropylidene)biphenol																																																																																				
220	119-47-1	204-327-1	6,6'-di-tert-butyl-2,2'-methylene-di-p-cresol																																																																																				
221	1067-53-4	213-934-0	Tris(2-methoxyethoxy)vinylsilane																																																																																				
222	-	-	(±)-1,7,7-trimethyl-3-[(4-methylphenyl)methylene]bicyclo[2.2.1]heptan-2-one covering any of the individual isomers and/ or combinations thereof (4-MBC)																																																																																				
223	255881-94-8	401-850-9	S-(tricyclo[5.2.1.0 ^{2,6}]deca-3-en-8(or 9)-yl O-(isopropyl or isobutyl or 2-ethylhexyl) O-(isopropyl or isobutyl or 2-ethylhexyl) phosphorodithioate
