Manufacturing

**Date of Publication:** June 08, 2023

## Key Characteristics of the Change:

Manufacturing Site

## Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material	July 08, 2023
Date of First Availability of Post-Conversion Material	June 08, 2023

## Description of Change to the Customer:

To ensure a continuous supply of the affected products, Intel is adding a manufacturing site in Korea to perform the Final Test and Finish portion of the manufacturing processes. The Assembly portion of the manufacturing business will not be changed at this time.

## Customer Impact of Change and Recommended Action:

Intel considers this a Minor Change and anticipates no impact to customers for this change. There is no change to the form, fit, functionality, quality or reliability for the products.

The new site in Korea is certified equivalent  
(form, fit, function, and reliability) for the affected products and technologies of this change.

Customers may receive products tested in either existing Test sites (Taiwan) or new Test site (Korea). There will be no visible difference between products tested in either site.

Please contact your Intel Field Sales Representative for any additional questions or concerns.
