

EMI & EMC Solutions > EMI Filters > Multi-Function Inlet Filters > CORCOM P SERIES MULTI-FUNCTION INLET FIL

Filter Type: **Power Entry Module**  
Input Voltage Selection: **Dual AC (SMPS)**  
Filter Switch Type: **DPST**  
Filter Shield Type: **None**  
Product Orientation: **Vertical**

[All CORCOM P Series Multi-Function Inlet Fil \(261\)](#)

Features

Product Type Features

|                         |                    |
|-------------------------|--------------------|
| Ground Choke Option     | No                 |
| Filter Type             | Power Entry Module |
| Filter Switch Type      | DPST               |
| Output Termination Type | .187" FASTON       |
| Filtering Requirements  | Filtered           |
| Filter Connector Type   | IEC 320/C-14       |

Configuration Features

|                  |        |
|------------------|--------|
| Extender Options | None   |
| Fuse Options     | Single |

Electrical Characteristics

|                                      |                |
|--------------------------------------|----------------|
| Input Voltage Selection              | Dual AC (SMPS) |
| Leakage Current (Max) (120VAC, 60Hz) | 250 $\mu$ A    |

|                                      |             |
|--------------------------------------|-------------|
| Leakage Current (Max) (250VAC, 50Hz) | 500 $\mu$ A |
| Current Rating                       | 6 A         |
| Operating Voltage                    | 250 VAC     |

Body Features

|                     |          |
|---------------------|----------|
| Filter Shield Type  | None     |
| Product Orientation | Vertical |

Mechanical Attachment

|                          |                            |
|--------------------------|----------------------------|
| Panel Mount Feature Type | Mounting Ears (Horizontal) |
|--------------------------|----------------------------|

Dimensions

|                               |            |
|-------------------------------|------------|
| Panel Thickness (Recommended) | .13 – 1 mm |
|-------------------------------|------------|

Usage Conditions

|                             |             |
|-----------------------------|-------------|
| Operating Temperature Range | -10 – 40 °C |
|-----------------------------|-------------|

Product Compliance

| Halogen Content                               | Not Low Halogen - contains Br or Cl > 900 ppm.                                                                                  |
| Solder Process Capability                     | Not applicable for solder process capability                                                                                    |

Product Compliance Disclaimer

This information is provided based on reasonable inquiry of our suppliers and represents our current actual knowledge based on the information they provided. This information is subject to change. The part numbers that TE has identified as EU RoHS compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, mercury, PBB, PBDE, DBP, BBP, DEHP, DIBP, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2011/65/EU (RoHS2). Finished electrical and electronic equipment products will be CE marked as required by Directive 2011/65/EU. Components may not be CE marked. Additionally, the part numbers that TE has identified as EU ELV compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, and mercury, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2000/53/EC (ELV). Regarding the REACH Regulation, the information TE provides on SVHC in articles for this part number is based on the latest European Chemicals Agency (ECHA) 'Guidance on requirements for substances in articles' posted at this URL: <https://echa.europa.eu/guidance-documents/guidance-on-reach>
